

CHILDREN'S TREATMENT CENTRE
CENTRE DE TRAITEMENT POUR ENFANTS

FOR OUR KIDS

Strategic Plan | 2023 – 2028

Message from the Chair

Dear esteemed colleagues, partners, and friends,

I hope this message finds you well.

As the Chair of the Board of Directors of One Kids Place, I am deeply honoured and excited to present our new Strategic Plan for the forthcoming years. This plan sets the course for our continued commitment to enhancing the lives of the children and families we serve, especially those navigating multiple complexities.

Our mission has always been to enrich the health, education, and overall quality of life of children, and to support those with different health and ability challenges in living the most fulfilling and independent lives possible. Over the past years, we have made great strides in achieving this goal, but we are ever-conscious that there is more work to be done.

The new strategic plan is a roadmap to steer us to a future where every child has access to the best support services, regardless of their personal circumstances or conditions. It underlines our commitment to innovation, partnership, and sustainable practices.

This strategic plan is not merely a document; it's a reflection of our shared dreams and our unwavering commitment to the children and families we serve. We understand that the journey ahead might be challenging but with our collective efforts and shared vision, we believe in overcoming any obstacles and creating an enduring impact.

I am deeply grateful for your continued support and dedication towards our shared mission. Together, we will continue to build a world where every child has the opportunity to lead a healthy and fulfilling life.

Yours sincerely,

Michael Mancari,
Chair, Board of Directors

Strategic Plan

The mission of One Kids Place is to provide community based rehabilitation and related support services to empower children, youth and their families to achieve their full potential.

By 2028, One Kids Place will

...work together with children, youth and their families to ensure they receive immediate and appropriate services to ensure no child who requires help to reach their full potential is left unserved. OKP will be widely recognized for this focus by families, partners and the broader community we serve.

...be recognized for its collaborative leadership in working together with community partners to coordinate seamless and intuitive services to ensure no child who requires help to reach their full potential is left unserved.

...be the employer of choice for staff who want to make a positive difference in the lives of those we serve. In dialogue with our staff, we will together determine how we can focus and improve our work environment so we can make a positive difference for the growing number of children and families.

...have a board that is widely recognized as engaged with and representative of the communities we serve, with directors drawn from diverse backgrounds, skill sets, and geographic locations serving as active champions in the community and responsible governors of our organization.
